

# Sports Premium Report 2018

<u>Objectives</u>	<u>Activities</u>	<u>Review of Impact</u>	<u>Approximate Spend</u>
Courses for teachers Staff development	2 NQTs to attend PE course for first year teachers provided by Hertfordshire.	The new teachers have now gained knowledge and increased in confidence to teach PE (PE training was lacking in their initial teacher training). Observations of these teachers teaching PE shows that they are now more able to teach the children safely and have the skills to develop the children's skills.	£800
Subject leader release time to work with HSSP	PE Subject Leader to attend Courses and meetings by HSSP	To continue to network with colleagues (mostly after school hours) and gain relevant and important information about changes in PE and the curriculum.	£900
Activity Clubs Run by or assisted by TAs or Sports coaches. Providing opportunities for the children participating in the clubs to gain skills and for the older children who are sports leaders to gain sports leading and coaching skills.	Running Club, Year 1 Lunch time Multiskills Club, Reception Climbing Club, and Year 4 Dance Club.	TAs and Sports Coaches paid to assist and run these clubs. Children are being inspired to attend other clubs offered. Children do not need to pay for these Clubs so they are inclusive of all children. Clubs are well attended (at least 50% of the children from these year groups have attended a club). Children are gaining self-esteem, benefitting health wise and learning to cooperate. Sports Leaders are assisting with the	£800

		clubs and gaining confidence and coaching skills at the same time.	
After school competitions and tournaments	Festivals and competitions provided by the Sports partnership. (HSSP)	TAs and Sports Coaches paid to assist and support the Subject Leaders with taking teams to different schools to participate in these events. This has given more children the opportunity to take part and experience competition and a competitive environment. Our children have thrived at these events.	£100
New outdoor resource	Running Track	This has been invaluable for the children to use at break and lunch times. They now have a safe environment to run in all weather. It has made their play area bigger and less crowded. The children love running and racing each other on it. Running club has been able to run in the winter term, even when the grass is wet and muddy so the children have had increased participation. Children have been given time to run daily, often in the afternoon, which breaks up the 2 hours of learning in the afternoon, not only improving children's fitness but also their concentration when back in class.	£7000

Improvement of outside areas	New fencing allowing for more area for the children to access.	This has meant that children have more opportunities to play games such as five a side football or to be able to move around safely and quickly, increasing physical confidence and fitness.	£3000
New sports equipment bought for the playground	Resources and Playground equipment	Other resources have been updated and replaced. Playground resources for lunch times have been improved, especially in the area of tennis, as this is when the children spend a lot of their time practising their skills learnt in their PE lessons.	£350
New sports equipment bought for PE lessons	PE resources and equipment updated and replaced due to wear and tear eg: tennis balls, hoops, bean bags, cones. New Rounders and Cricket resources .	Equipment means that lessons taught are of high quality, because the children can all have their own equipment they are more active throughout the lesson, increasing stamina, skills and fitness. Renewing equipment means that all the equipment is safe to use. Some new designs of equipment have greatly improved children's skills - such as specially designed cricket cones have assisted greatly with batting and a rounders' ball stand as well as an aiming stand, has assisted with aiming and	£400

		hitting for rounders.	
PE kit	PE kit for dance and sports competitions.	Children feel a sense of pride all wearing the same shirt or dance top / skirt while they are at festivals or competitions.	£80
Planning and Assessment	Subject Leader	Supply staff paid to cover class whilst the Subject Leader is planning Sports days, Tournaments and observing or assessing teachers and pupils. Observing lessons, has had the impact of teachers been given ways to improve and progress with their lessons in the future. PE Subject Leader has been made aware of training needs for the teachers.	£800
Inspiring children and raising self-esteem.	Part payment for Grafham water.	This has a huge impact on self-esteem in Year 4 (many children in this Year group need this boost to help them with their independence) this money has made the trip more affordable for families, enabling the vast majority of children to attend the centre for the residential trip.	£831
	Running Club – Sports Leader	Children who have been struggling with their self-esteem have been invited to be a Sports Leader at Running Club, the money has been	£200

		used to pay and additional TA to support running club to support the increased numbers of children. These Sports Leader children benefited by getting healthy, helping others, feeling much happier about themselves and this has transferred to improved performance in the classroom.	
Specialist coaching and HSSP membership Fees	Tennis and golf Tennis for Year 1 -4 Golf for year 3-4 Taster sessions for year 2	Children have been inspired to play tennis during break times. Some have gone on to attend Tennis Club. Children been coached for future tennis tournaments. Teachers participated in the coaching sessions and so have had some professional development in the area of teaching tennis, which they will be able to use in the future.	£3500
			Total expenditure £18, 760
