

Sports Premium Funding

We aim to use our Sports Premium money to further train our teachers, TAs and Sports coaches. This is through training provided by the School Sports Partnership, which we buy into every year. This benefits us by the children having specialist coaching in Tennis. Most of our staff are trained in Dance, Gymnastics, Games, Multiskills and Afterschool Activity Clubs. This has impacted on the staff feeling confident to teach PE and take extra Sports clubs during lunch and after school. New resources have been purchased which has the impact of there being enough resources for future years, they enhance PE lessons and children have all the resources they need for excellent lessons to be taught.

Sports Premium Plan and Budget 2015 / 2016

Issue to be addressed and rationale	Actions to be taken	Resources	Staff	By When	Impact	Cost In £9145
