

# Sports Premium Report 2017

<u>Objectives</u>	<u>Activities</u>	<u>Review of Impact</u>	<u>Approximate Cost</u>
Courses for teachers Staff development	Gymnastics course attended by 3 teachers. PE Subject Leader to attend Courses and meetings by HSSP	Afternoon provided by Sports partnership. Three teachers attended this from KS1 and KS2. They have now gained knowledge and confidence to teach gymnastics, thus improving the quality of input for the children which has enhanced their skills.	£800
Activity Clubs Run by or assisted by TAs or Sports coaches	Running Club, Rounders Club, Year 3 Games Club and Year 1 Lunch time Multiskills Club.	TAs and Sports Coaches paid to assist and run these clubs. Children are being inspired to attend other clubs offered. Children do not need to pay for these Clubs so they are inclusive of all children. Clubs are well attended. Children are gaining self-esteem, benefitting health wise and learning to cooperate, having a positive effect on their cooperation and social skills in all areas of the curriculum..	£200
After school competitions and tournaments	Festivals and competitions provided by the Sports partnership. (HSSP)	TAs and Sports Coaches paid to assist and support the Subject Leaders with taking teams to different schools to participate in these events. This has given more children the opportunity to take part and experience competition and a competitive environment. The expertise of the coaches has developed the Subject Leaders' abilities in a variety of events. There have been	£200

		positive outcomes for the children through mixing with their peers in coordinated, friendly, yet competitive settings.	
New Storage	Shed and installation	The shed has had huge value as it has released space indoors for indoor PE equipment and therefore equipment is now easily accessible for outdoor PE as the shed has been located next to the playground. This means that more time can be spent in teaching PE rather than collecting equipment from within the school building.	£1800
New sports equipment bought	Climbing wall	This will enhance the children's PE lessons in gymnastics and give more children the opportunity to attend Climbing club. It is bigger and more up to date with more skills needed to manoeuvre themselves around the wall.	£3800
	Resources and Playground equipment	Other resources needed updating and replacing. Playground resources for lunch times as this is when the children spend a lot of their time practising their skills learnt in their PE lessons. The upgrading of these items of equipment has improved hand/eye coordination, balance and the climbing wall has improved the children's climbing ability and courage and resilience. The use of the equipment at playtime has allowed the children to continue to hone their skills and confidence during their playtimes.	£650

PE kit	PE kit for dance and sports competitions.	Children feel a sense of pride all wearing the same shirt or dance top / skirt while they are at festivals or competitions. For a relatively small outlay, a real sense of unity and belonging has been instilled, as well as a consistency in quality of clothing improving children's safety.	£150
Planning and Assessment	Subject Leader	Supply staff paid to cover class whilst the Subject Leader is planning Sports days, Olympic weeks and observing or assessing teachers and pupils. Observing lessons has had the impact of teachers being given ways to improve and progress their lessons in the future and has led to a greater degree of shared-skills and ideas across the staff, with clear, positive benefits for the children through improved teaching methods.	£500
Inspiring children and raising self-esteem.	Olympic athlete in for workshops with the Year 4 children  Part payment for Grafham water.	This had a huge impact on self-esteem in Year 4 as many children in this Year group needed this boost. She inspired the children and motivated them to believe in themselves not just in sport but also to achieve other goals. Children attending Grafham water have had an opportunity to take part in adventurous activity. This gave them opportunities to challenge themselves and to work as part of a team. These skills have then been transferred to other areas of the curriculum,	£250  £400

		as children have become more confident in their own skills.	
Specialist coaching and HSSP membership Fees	Tennis	Children have been inspired to play tennis during break times now. Some have gone on to attend Tennis Club. Children have been coached for future tennis tournaments bringing positive exposure for the school at these events. Teachers have had 6 weeks of ideas from a specialist coach, delivering high quality PE lessons and enhancing their ability to impart their knowledge to the children.	£3500  Total expenditure: £12 250
